Description

HALKMED is a private health institution that has concluded an agreement with the Health Fund <http://www.fzo.org.mk/> insurance of R. □. Macedonia. set on the principle of caring for life and accessibility for all. Our belief is that caring for life does not mean only "concern", but complete undertaking of activities that include primarily PROMOTION of a healthy lifestyle - prevention, early detection and treatment of DIFFERENT HEALTH CONDITIONS. We respect our patients and each other. Our integrity is as strong as our empathy.
